Luis Ángel Maté Mardones

Profile

A lifetime dedicated to professional sport. Cycling has not only been my profession, but above all a school of values that, over the years, has allowed me to build a very extensive network of contacts.

Experience

18 years as a professional cyclist, with 6 participations in the Tour de France, 12 in the Vuelta a España, as well as Grand Classics, World Championships, European Championships, and hundreds of races on the international calendar.

An impeccable sporting career that has allowed me to build a vast network of contacts across the industry, professional cycling, institutions, journalists, and more.
